Traffic Study

Alderperson Molski is requesting that the No Parking, Stopping or Standing during school Hours (8:00 a.m. to 4:00 p.m.) be extended to a point 670 feet north on the west side of St. Paul Street. Currently, the west side of St. Paul Street has No Parking, Stopping or Standing during school hours from Prais Street to a point 330 feet north. Alderperson Molski is requesting that the zone be extended to 670 feet north. Alderperson Molski is working with her neighbors to make this area safer and prevent long term parking by employees of Washington School.

The No Parking, Stopping or Standing zone on the opposite side of the street from the Washington School entrance restricts parents from dropping their children off on the wrong side of the street where children would have to cross the street to get to the school. The beginning and end of school are the busiest times of the day for traffic on St. Paul Street. During the winter months the roadway is narrowed with snow causing even greater concerns.
