2. Consideration and Possible Action: Approval of the Application of Prior Year Unused Levy Capacity in the Amount of \$63,645 for Fiscal Year 2012.

Mayor Halverson said that under the state's recalibration for the unused levy capacity took us to .005 percent of which that number is \$63,645. He noted that to carry this over to 2012 will require a three-quarters vote of the body. This funding was included in the City's assumptions for the levy for 2012.

C/T Schlice said this is another tool that we may or may not need depending on the final recommendation on the budget.

Ald. O'Meara **moved**, Ald. R. Stroik seconded to approve.

Ald. Trzebiatowski asked what this would mean to the average taxpayer.

C/T Schlice said about 4 cents per \$1000.

Mayor Halverson asked if there were any other questions regarding the carrying forward the unused levy capacity and authorizing the use of that unused capacity. Seeing none, he called for a vote.
