

SPECIAL BOARD OF PUBLIC WORKS MEETING AGENDA
Monday, March 19, 2012 – 6:45 p.m.
Council Chambers at County/City Building
1516 Church Street, Stevens Point, WI 54481

[A quorum of the City Council may attend this meeting]

1. Consideration and possible action to award the Aerial Mapping Services Project #10-12 to Pictometry in the amount of \$50,951.00.
2. Adjournment.

Any person who has special needs while attending this meeting or needs agenda materials for this meeting should contact the City Clerk as soon as possible to ensure a reasonable accommodation can be made. The City Clerk can be reached by telephone at (715) 346-1569, TOD #346-1556, or by mail at 1515 Strongs Avenue, Stevens Point, WI 54481

Copies of ordinances, resolutions, reports, and minutes of the committee meetings are on file at the office of the City Clerk for inspection during normal business hours from 7:30 A.M. to 4:00 P.M.

March 13, 2012

TO: Mayor Halverson and
Board of Public Works

RE: Aerial Photography Contract

Attached you will find responses to an RFP for aerial photography services that was put out by the Engineering Division of Public Works. All of the responding companies met the requirements of the RFP, but the products still vary among the proposals. Public Works is requesting that the proposal from Pictometry be approved for the amount of \$50,951.00. The Pictometry proposal, in addition to traditional ortho-photos, provides oblique images of the entire capture area providing a side view of buildings and allowing additional functionality in the way of measuring building dimensions including heights, and allowing the viewing of buildings in a 360 degree perspective. In addition, the Fire Department will be able to utilize this product with their new First Response software without any conversion or additional software.

The funding, if approved, would be a combination of the \$25,000.00 that was budgeted for this product (2012 operating capital) and the remaining funds being provided by the Stormwater utility if approved. Until the time when the Stormwater Utility can cover the costs, the funds would be forwarded by the Water/Sewer Department.

The reason for proposing that Stormwater Utility funds be used for this expense is due to the fact that we need high quality and recent photos for the delineation of impervious surfaces in order to properly assign ERU calculations to properties. Public Works proposes that this approval be contingent upon the approval of the proposed Ordinance amendment (related to Chapter 3.35 modifications) at the regular March Common Council meeting and that if this ordinance is not approved, that the Pinnacle Geospatial Solutions proposal be approved in the amount of \$15,620.00.

Sincerely,

A handwritten signature in black ink that reads "Joel Lemke".

Joel Lemke
Director of Public Works
