Selection of poll workers (Election Inspectors)

According to State Statutes the Mayor, President or Board Chairperson of the municipality is required to nominate poll workers to the governing body no later than their last regular meeting in December of odd-numbered years. The governing body of the municipality appoints the poll workers for a two-year term before December 31.

The nominees are to come first from lists submitted by the two dominant political parties, which are due no later than November 30 of odd numbered years, and may be supplemented at any time. Local party chairpersons are responsible for submitting these lists of names to the Mayor, President or Board Chairperson of the municipality, for each polling place.

If a local party does not submit a list, or does not submit enough names, the Mayor, President or Board Chairperson may nominate qualified individuals on a non-partisan basis, without regard to party affiliation.

Due to the nature of this position, it is necessary for the City to conduct a background check on all applicants receiving consideration.

If you have any questions please contact the City Clerk's Office at 715-346-1569.

Those that bring the material back to the Court house usually finish after 10:00 p.m. We are also implementing 8 hour shifts but this is based on poll worker interest. All new workers start off working just a shift.

What training is provided?

The City of Stevens Point provides training for all new poll workers. We also provide training before each election to review the process and to keep poll workers informed of any changes in election law. The Government Accountability Board also provides training for those who wish to become Chief Inspectors, but the Clerk's office encourages all poll workers to attend these trainings to strengthen their understanding of election law.

What is the pay?

Election Inspector pay starts at \$10.00 an hour. If you wish to become a Chief Inspector the pay is \$12.00 an hour.

How many polling locations are there in the City?

Currently there are 10 polling locations in the City of Stevens Point.

Where will I work?

The Clerk's office tries to schedule poll workers to work in the district in which they live; however, sometimes you may have to travel to another location.

How many people work at the polls?

The number of poll workers varies depending on the expected voter turnout of the election. Spring elections usually have 5 workers and fall elections usually have 7 to 9 workers.

When will I be notified that I am working?

You will be notified early in the year of the dates of the elections. The Clerk's office will then notify you around 3 weeks before the election if you were scheduled to work.
