

A PROGRAM FIT FOR YOU

This program is individualized to encourage you to take steps towards healthier working and living. In addition, through this program, you are provided prompt access to care, opportunities for health and injury prevention, the opportunity to meet with a Registered Dietitian to learn more about nutrition, and an educational resource to help you along your own personal wellness path.

The 2018 City of Stevens Point Wellness Program is your opportunity to earn valuable Health Savings Account dollars by completing a few simple objectives. Ministry Medical Group, now as part of Ascension, will visit locations weekly to assist you with your wellness needs.

WELLNESS PROGRAM BENEFITS (2019 CONTRIBUTIONS)

Points will be earned based on the health plan you carry (single plan or family plan) at the time of the completion of the component of the Wellness Program listed above.

Contributions will be pro-rated for partial completion.

NOTE: Points earned in 2018 will count towards an HSA contribution in 2019. The contribution will likely be in early to mid January. In order to receive the HSA contribution, the employee must be eligible (i.e. have coverage on the City's high deductible health plan and cannot participate in a full FSA Plan). Employees considering retirement or separation of employment who leave City employment before the HSA contribution is made in early 2019 will not be eligible to receive an HSA contribution, even if they have completed part or all of the program. Annual IRS contribution limits apply to HSA accounts; consult a tax professional for details.

All components of the wellness program must be completed in the timeline outlined in order to be eligible for the HSA contribution. A monthly calendar will be provided to those on the wellness e-mail list (contact Traci to register your e-mail) that provides details for upcoming wellness components.

It is the employee's responsibility to sign up and participate in these components on a timely basis.
