Participants and parents registering their child in recreation programs must recognize however, that there is an inherent risk of injury when choosing to participate in recreation activities. Therefore, each person registering themselves or family member for a recreation program/activity should review their own health insurance policy for coverage. It must be noted that the absence of health insurance coverage does not make the City of Stevens Point automatically responsible for the payment of medical expenses.

HOW TO DRESS

The arena temperature is generally between 40 and 60 degrees, depending on the outside temperature. All ages beginning with Tots through Gamma should wear slacks, sweater, light jacket, hat, and mittens. Loose fitting clothing is recommended for skating to give more freedom of movement. Skating dresses, skirts, sweaters, and tights are advised for Freestyle levels.

HOW TO FIT AND LACE SKATES

Seldom will you wear the same skate size as street shoes. Up to size 4, you will probably take a half-size smaller in a skate. About size 4, you will probably take a full size smaller. Exceptions are those with an extremely wide foot, they may be expected to wear the same size. Remember, the snugger the fit, the better the support for your ankles. When putting on the skate, be sure the laces are very loose so the toes are not cramped. The skate should be tied snug all the way up the skate, especially around the ankles. If tied too tightly at the top, you may restrict circulation. The Pro Shop will be open to assist you in the proper fit of your skates.
