(p) PARKING METER ZONES AND CONTROL

(1) Definitions.

- A. Multi-Space Kiosk. A multi-space kiosk refers to a parking meter for a parking zone in which there is space for more than one vehicle to park. Multi-space kiosks shall be placed behind and adjacent to the curb within the parking zone such multi-space kiosk shall control. Where a multi-space kiosk has been installed, every vehicle shall park adjacent to the curb or angled to the curb as indicated by pavement striping in the zone controlled by the multi-space kiosk. Every vehicle operator shall deposit in the kiosk the appropriate form and the required amount of payment for the time the vehicle operator intends to park, up to the maximum time limit available. Unless otherwise specified or directed by a multi-space kiosk's instructions, each vehicle operator parking in a zone controlled by a multi-space kiosk must enter the identification number displayed on the vehicle registration plate issued for the parked vehicle and displayed on it in accordance with Wis. Stat. 341.15. Enforcement of parking zones controlled by multi-space kiosks shall be via reference to a database of such identification numbers which identifies which location and period of time for which parking has been purchased for the vehicle thereby identified.
- B. "Parking Meter" means any mechanical or electronic device or meter placed or erected for regulation of parking and designed to accept payment for parking privileges.
- C. "Parking Meter Space" means a space officially designated for vehicular parking indicated by painted lines or other markings or dividers

for which payment via a parking meter is required to lawfully park a vehicle.

(2) Payment to be deposited in Meters. No person shall stop, stand, or park a vehicle in a parking meter space unless payment has been made via a parking meter applicable to that space and the allotted time thereby purchased has not elapsed. Failure to comply with this provision is a violation of this code.

(3) Presumptive Violation. The fact that the timing device on any parking meter is not in operation and the mechanical indicator registered "Expired" or "Violation" shall be presumptive evidence that the owner or driver or the vehicle then parked in the space regulated by such parking meter failed to deposit or caused to be deposited the required coin or coins. For Parking meter spaces controlled by a multi-space kiosk, enforcement shall be via automobile registration number as identified in Wisconsin Statutes ch. 341. Drivers shall utilize a multi-space kiosk to purchase parking time prior to or immediately after parking in a space controlled by that kiosk. During that purchase, the driver shall enter the identification number on the license plate affixed to the vehicle to be parked. If the database associated with the multi-space kiosk indicates based on a displayed license plate that no parking time has been purchased for the vehicle or that the purchased time has elapsed, it shall constitute presumptive evidence that the owner or driver or the vehicle then parked in the space regulated by such has parked in violation of subsection (p)(2) of this ordinance.

(4) Prohibited Parking. No person shall permit a vehicle registered in his/her name to remain in any parking meter space while the parking meter shows a violation or expired.

(5) Public Works Department to Install Meters. The Public Works Department of the City of Stevens Point shall procure, install, and maintain parking meters and mark off individual parking spaces in the parking zones as designated herein and in such other zones as may be hereafter established by the Common Council. Parking meter spaces shall be designated by lines painted or durably marked on the curbing or street surface. No person shall park any vehicles in a marked parking meter space so that the vehicle is not entirely within the limits of the space designated.

(6) Damaging Meters Prohibited. No person shall deface, injure, tamper with, willfully break, destroy, or impair the usefulness of, or open without lawful authority, any parking meter or multi-space kiosk. No person shall deposit or cause to be deposited in any parking meter any slug, device, or substitute for the proper coin.

(7) Maintenance, Collection Regulations. The Police Department and/or the Public Works Department shall employ personnel other than police officers as may be necessary to service and maintain parking meters and collect the coins therefrom, and operate and maintain multi-space kiosks. All collectors shall be bonded in an amount set by the Common Council. A sealed or locked

container shall be used as a receptacle for the collection of coins. Personnel employed in the service and maintenance of parking meters and collection of coins therefrom shall be under the direct supervision of the Traffic Officer and shall issue violation tickets or notices on forms prescribed by the Parking Meter Board, but shall have no powers of arrest.

(8) Disposition of Parking Meter Revenue. Parking meter revenue shall be deposited into the general fund of the city.
