

Health and Safety Guidelines for Stevens Point Parks, Recreation & Forestry Facility Rentals

Facilities are open as long as the following guidelines are implemented.

- Observe the recommendation on mass gatherings per the PORTAGE COUNTY COVID-19 ORDER #1 by Portage County Health & Human Services.

“Mass Gatherings: *

Individuals should avoid situations where you are unable to exercise appropriate physical distancing with nonhousehold members. Social settings of more than 50 people, where appropriate distancing may not be practical or possible, should be avoided unless precautionary measures are observed.

Businesses, Non-Profits, and other Entities should reduce capacity and modify physical spaces to ensure adequate physical distancing for customers and staff.

*At this time, the term “Mass Gatherings” is not specifically defined given the wide variation of spaces and uses governed by this order. It is recommended to maintain physical distancing of six (6) feet between people not residing in a single living unit or household to observe social distancing.”

- Maintain and observe a minimum of 6’ of social distancing at all times while using facilities and city properties including outdoor spaces.
- Wash hands for at least 20 seconds with soap and water before and immediately after using playgrounds or play structures.
- We recommend using hand sanitizer before and after using equipment if hand washing is not possible.
- Use the Contact Tracing Form to maintain a record of all your guests.
- Please stay home if you are sick and practice good hygiene. Avoid touching your face, sneeze or cough into a tissue or the inside of your elbow.

Crowded parks may lead to closed parks, please do your part to follow CDC guidelines.

I have read and will adhere to the above guidelines.
